the Mothi Talav was brought to the notice of Government in 1897 and 1901, but on investigation by the Public Works Department it was found that to supplement the water from any source whatever at a reasonable outlay was impossible.

Subject No. 436.

Construction of a tank for the use of the Chinkurli village.

Mr. Seenappa.
,, Lingegowda.

Summary of Representation.—Great difficulty is felt at Chinkurli for want of drinking water during the hot weather. Orders for the construction of a tank and a well in the tope between the musafirkhana and Police Station are prayed for.

Reply of Government.—Noted.

Subject No 437

Widening of the roads on the bund of the Hosaholalu Chikkere.

Mr. Seenappa.

Summary of Representation—The road on the bund of the Hosaholalu Chikkere should be widened and railings put for the safety of carts and travellers passing on it.

Reply of Government.—For District Board's consideration.

Subject No. 438.

Extension of the Mandagere nala.

Mr. Seenappa.

Summary of Representation.—Early orders for the extension of the Mandagere nala are prayed for. It will be a profitable concern both to Governmen and raiyats.

Reply of Government.—This was a subject of representation in previous years also. The project prepared by Public Works Department for improving and extending the channel is stated to be pending disposal for want of particulars regarding contribution of water-rate etc., called for by the Chief Engineer from the Revenue Department. The attention of the Revenue Commissioner will be called to the subject and he will be requested to expedite the matter.

Subject No. 439

Extension of channels.

Mr. Ramanarasaiya

Summary of Representation.—Pray that either the branch channel of Chikka Devarayasagar or that of the Hemavatiriver may be extended so that it may supply water to some of the hoblis of the Taluk.

The improvement of the following nalas is solicited:—

(*a*) Lakshmanapur nala.

(*b*) Hanumanthapurada nala.

The improvement of these nalas and that of the tanks dependent on them was discussed in previous meetings, but no action was taken thereon.

Reply of Government.—Noted.

Subject No. 440.

A channel from the Shimsha anikat near Maddur.

,, Subba Rao.

Summary of Representation.—Although the sanction of Government for opening a channel from the Shimsha anikat near Maddur was accorded long ago and an estimate was prepared, the work has not been put in hand. Pray that the same may be commenced early.

Reply of Government.—Noted. A channel on the Shimsha would be useless excepting as a tank feeder until a larger reservoir is first constructed to store flood waters.
